

About me	I'm a product designer with 6+ years of experience in building fintech, communication, and retail products, built on a broader 15+ year design career across the U.S. and Europe. Currently leading a team designing a POS platform for small retail businesses. I focus on real user problems, work iteratively, and keep design tied to outcomes that matter.			
Experience	IDT Technologies <i>Design Lead</i> Warsaw, Poland 2024–Present		Leading a team in overhauling the design for a retail POS platform used by small businesses, including convenience stores, retail shops and restaurants Identifying and fixing gaps in an outdated system that no longer meets business needs, while creating shared assets for consistent cross platform use Expanding the platform from Android only to iOS, Android, and Web Building new design systems based on Google’s Material Design 3 and Vue Redesigning UX flows for POS, store, and stock management systems Balancing legacy design with short-term fixes and long term modernisation Working with engineers to ensure scalability and technical fit Integrating AI assisted design and agentic workflows into everyday practice, from functional prototyping to faster design iteration	
	<i>Senior UX/UI Designer</i> 2022–2024		Redesigned a global fintech money transfer (remittance) app, improving onboarding, transfers, top-ups, and account management Built and maintained a scalable design system and UI libraries Designed B2B platform features including multi-user accounts, role based access, and enterprise management tools Maintained design systems and UI libraries across projects while collaborating with cross-functional teams	
	<i>Middle UX/UI Designer</i> 2020–2022		Designed UX flows for VoIP and text messaging app targeting US market Built the first UI kit and foundations for a new design system Adapted mobile native UX flows for a web portal Collaborated with stakeholders to ensure user centered design and supported early product builds	
	Huawei Technologies <i>UI Designer</i> Minsk, Belarus 2019–2020		Led regional design support for marketing and corporate campaigns, delivered consistent brand experiences across platforms using global standards Produced digital and printed materials including campaign key visuals	
	Freelance Practice <i>Designer</i> 2010–Present		End-to-end design services for startups and small businesses Brand identity development, web and graphic design across industries	
	Fairview Health <i>In-House Designer</i> Minneapolis, USA 2008–2017		Created visual materials for healthcare campaigns, patient education, and internal communications Managed visual brand standards across multiple departments for healthcare communications within a highly regulated industry
